

## SMARTCOMMERCE CREDIT CARD PROCESSING FOR JD EDWARDS REACHES ONE MILLION TRANSACTIONS MILESTONE

### FOR IMMEDIATE RELEASE

*Marketplace Acceptance of SmartCommerce Credit Card Processing for JD Edwards Drives Rapid Customer Growth and Transaction Volumes*

**CORAL GABLES (April 8, 2005)**— This past March, Premier Group's (Premier's) SmartCommerce Credit Card Processing for JD Edwards software offering reached an impressive milestone when SmartCommerce customers processed their one millionth transaction. SmartCommerce continues its momentum in delivering real-time credit card processing to JD Edwards customers with unprecedented integration and simplicity.

"This achievement reflects the marketplace's growing acceptance of our SmartCommerce Credit Card Processing solution which is fast becoming the standard for JD Edwards software users seeking real-time, "end-to-end" automation of credit card processing with their ERP system" indicated Fermin Rodriguez, Managing Director of Premier.

SmartCommerce Credit Card Processing Solution greatly enhances an organization's productivity in handling credit card payments. Through Premier's partnership with VeriSign®, the worldwide leader in payment processing, SmartCommerce delivers comprehensive integration between the Oracle® JD Edwards EnterpriseOne™ software (formerly JD Edwards OneWorld) and VeriSign® PayFlow Pro® payment gateway to address all aspects of credit card processing.

SmartCommerce Credit Card Processing provides an integrated, multi-channel solution to address the payment requirements of eCommerce web orders, Call Center phone orders and Retail Point of Sale (POS) store transactions. This end-to-end order processing approach addresses an organization's needs for real-time authorization, POS sale transactions, settlement at shipment as well as credit card payment as an Accounts Receivable collection tool.
